

THE SUCCESS STORY

"Fellas, we believe that this team has the potential to go all the way. We're here to prove a fact . . . If we work hard enough, we'll win, and we're gonna work! !" These could have been the words of the Winnsboro High Coaching Staff that started the '67 team to the best season in Winnsboro High history.

They worked, and they won. In a game made for strong men, they proved themselves to be the strongest. Our team went through the regular season undefeated, and even unscored upon in several games. They captured the Catawba Conference - Title and fought their way to the Upper-State Championship. They may be rated Number Two, but to us, they'll always be NUMBER ONE.

Even in the face of a 12-1-0 accomplishment, there is a challenge for the next team, a 13-0-0 season. But, here are the ones that started it. Here are our champions.
