

SENIOR CLASS PRESIDENTS: Bubba Gladden, Jack Matthews, Douglas Truslow, Mary Blackwell.

SENIOR SPONSORS: Mrs. Thomas, Mrs. Lesemann, Mrs. Hite, Mrs. McKeown, Mrs. Bowling (not pictured)

## WHAT IS A SENIOR?

A senior is a person who can look back over four terrible, torturing years in Winnsboro High, and wonder why he's going to miss it. He can remember the seasons that these years represent. In the spring he was a freshman, young, eager, and maybe a little foolish. But as his summer sophomore year came, he realized that the hard work, not the heat formed the perspiration beads on his forehead. In the fall of his junior year he realized that winter was near. He also realized that all the seasons so far had been warm and beautiful. How could winter even compare with them. Then, it happened. He was a senior, in the winter of his school year. The winter was hard, but it seemed to bring classmates closer. After this season people would scatter to the wind to begin their seasons again in some college. Some would go in their chosen vocations. During high school some took college preparatory; some business, and others took general education. But no matter where the seniors go, they'll always have one thing in common, the spring, summer, fall, and winter spent in Winnsboro High School.
