## VARSITY FOOTBALL

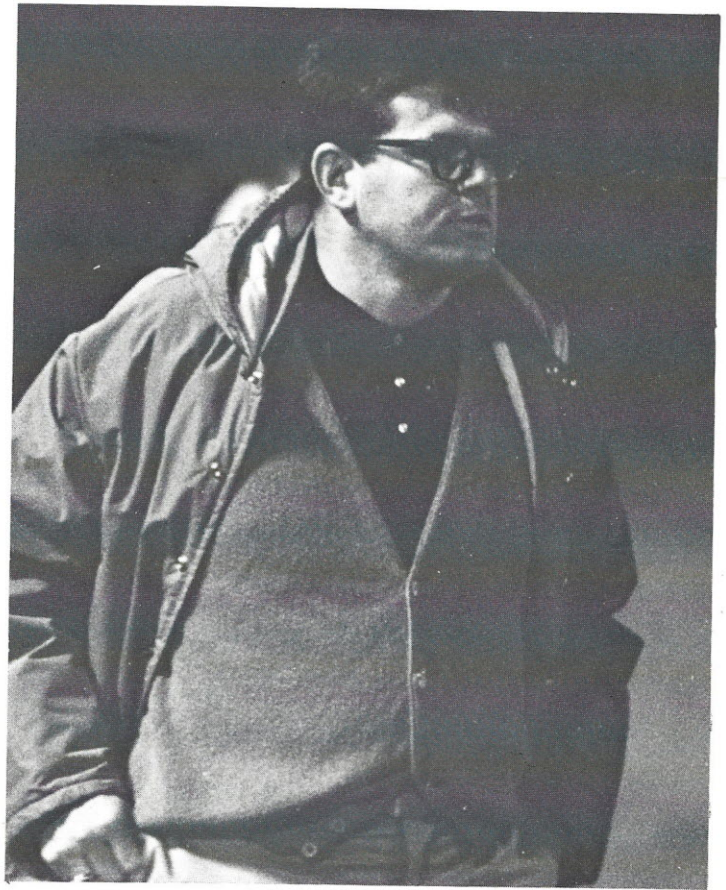

The band played "Dixie", the team rushed onto the field as the crowd cheered wildly, and the 1968 football season was underway.

But first had come hours of practice under the broiling August sun, salt pills and taped wrists, the insistence of the coaches that work wins, five wind sprints at eight o'clock in the morning, and the agony of muscles that have been pushed beyond the limit of human endurance.

Football was not all suffering, however. There were the fast friendships, the satisfaction of working together, and the sweetness of victory . . . there was the locker-room joking and nervous anticipation during a pre-game pep talk.

Yes, football was all of this . . . and more. For the Wildcats of Winnsboro High School fought to a 8 - 2 record and a tie for the Conference Championship.

The band has put away their instruments, the cheers are mere echoes in our memories, and dust settles on the field. Football season is over for 1968, but it will come again and once more there will be the agony of hard work and the sweetness of victory.

HEAD COACH: Joe Turbeville.
