

ART

The main objective of the Art Department is to instill a sense of self-expression and creativity in students. It is also a medium in which the more expressive student may make unlimited use of his ability. With Mr. Reed's guidance, each student is taught the basic fundamentals of art and is shown how to apply them to his own particular style.

Mr. Moses Reed

Top: Students express themselves by applying the basic fundamentals of art.

Left: Ricky Green shows how much concentration and patience is needed to produce expressive art.
