

SENIOR CLASS OFFICERS

During the earlier part of the 1974-75 school term the senior class members elected officers to be leaders in the management of the affairs of the senior class. Because of the outstanding leadership of these persons, the seniors were able to participate in activities which aided in the expenses of the senior class. The seniors were able to raise money from the sales of magazine subscriptions and candy to pay the costs of a senior trip, a gift to the school, and gifts to the senior class sponsors.

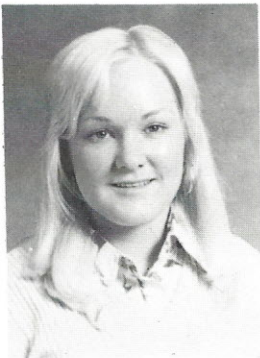

"Peggy, go ahead and make a copy of that. Dianne is going to make her deposit during third period."
