

Superintendent Dr. R.C. Buchanan

The time has come to bid a farewell to a historic part of our educational system. To see such a landmark as Winnsboro High School being phased out is a very sensitive issue; however, we can find some comfort in the fact the building will continue to serve the community as a new middle school far into the future.

To those who have walked her halls and taken advantage of her learning opportunities, I challenge them to keep her memory alive and to take pride in the important role she has played in each of their lives. Live on Winnsboro High; you've served your purpose well. You may be "gone, but you shall never be forgotten."

Left to right, L. Hoyle, H. Heath, B. Rhyne, R. Buchanan
