

Coach S. Cahaly, Girls Volleyball

The Lady Wildcats first dominated the court in 1977 and were coached by Nadene Williams. Five coaches and eight years later Coach Sharon Cahaly sat to write an epathy of the Wildcat years.

When I first came to the Wildcat country, all of our volleyball games were played at other schools. We wore raggedy basketball uniforms and did not have anything to call our own. Through the cooperation and help of Kenny Atkerson and Dr. Thompson we acquired all of the luxuries that the game had to offer.

I am sure that those who have been affiliated with the volleyball team will remember the happy, as well as the sad times that have passed our way. Personally, I will never forget the challenges I have faced and all of great players I have had the opportunity to coach.

When the 1985 season ended we retired the wildcat jerseys, but the memories will never be locked behind closed doors.

Coach E. Hightower, Girls Track

I have seen our young men and young ladies give their best over the years. Since 1975 our kids have broken 28 out of 31 WHS school records. We have had outstanding performances over the years. Matthew Russell winning the 1977 AAA Upper State Championship in the shot put. Sandra Henderson winning the 1982 AAA Lower State Championship in the 100 meter high hurdles. Richard Driggers winning the 1981 AAA Lower State Championship in the pole vault. Sonya Davis running in the AAA State Championship as an eighth grader. Our most memorable moment was the winning of the 1982 5AAA Conference Girls Track Championship. The great memories that I have are about the people that I have coached because they mean so much to me.
