Dear Guy:

I appreciate being asked to come to Salem this coming Sunday, September 12, at 3:00 o'clock and being with the Killian kin as they assemble in their annual meeting, however I fear that I have a previous committment which is going to make same impossible. I am putting it down on my calendar and if the other does not materialize, but which I feel it w ll, I will try to run down for just a short while. I wouldn't want to be put on the program, however if I get down I will be happy to submit a few broken remarks.

I enjoyed talking to you a great deal and I hope I have the opportunity of seeing you, not only Sunday but in the days that lie ahead. My regards to all the folks.

With every good wish always,

Sincerely yours,

  
Wilson Warlick
