

KILLIAN REUNION ANNOUNCEMENT

Dear Kinsmen:

This is a short letter to remind you that the Killian reunion is just a few months away. As always it will be a fun event for relatives and friends. This year we will have special guests, George and Shirley Killian from Fairport, New York.

It seems that George has been working on a new edition of the Andreas Killian book and is making strides on getting our genealogy into many libraries. Happily for us, George has agreed to speak at the reunion about his work. George has plans to share with us new data on Margaret Killian's family (Andreas' daughter) and data on Killions as well.

To give ourselves a chance to share Killian data with George, see George's work demonstrated on computer and still have time for fellowship, I am proposing that we meet earlier and more often. You are invited to meet George and Shirley at 2:30 p.m. and then attend the regular meeting at 3:00 p.m. This means the 2:30 meeting is an unofficial social, computer demonstration and genealogical data sharing session and the 3:00 meeting is our regular meeting.

I want to ask everyone to update their family group record (if necessary) and either bring it to the reunion or forward it so that I may pass it along to George. Quite often we have nearly complete data on our recent ancestors, but somehow forget to write down information on our children and grandchildren. Say, you are not sure of the status of your family record. What better excuse to come the Killian reunion. I have included a family group record for your use.

If you missed last year's Killian reunion you missed James W. Green III's Scottish tie with the Killian tartan, a report on the Killian reunion in Northeast Alabama and news about Ray Killian's travels in Germany. You also missed Ezzie Killian Sipe and Barbara Cavin, the "oldest and youngest". I hope both will be back to defend their titles.

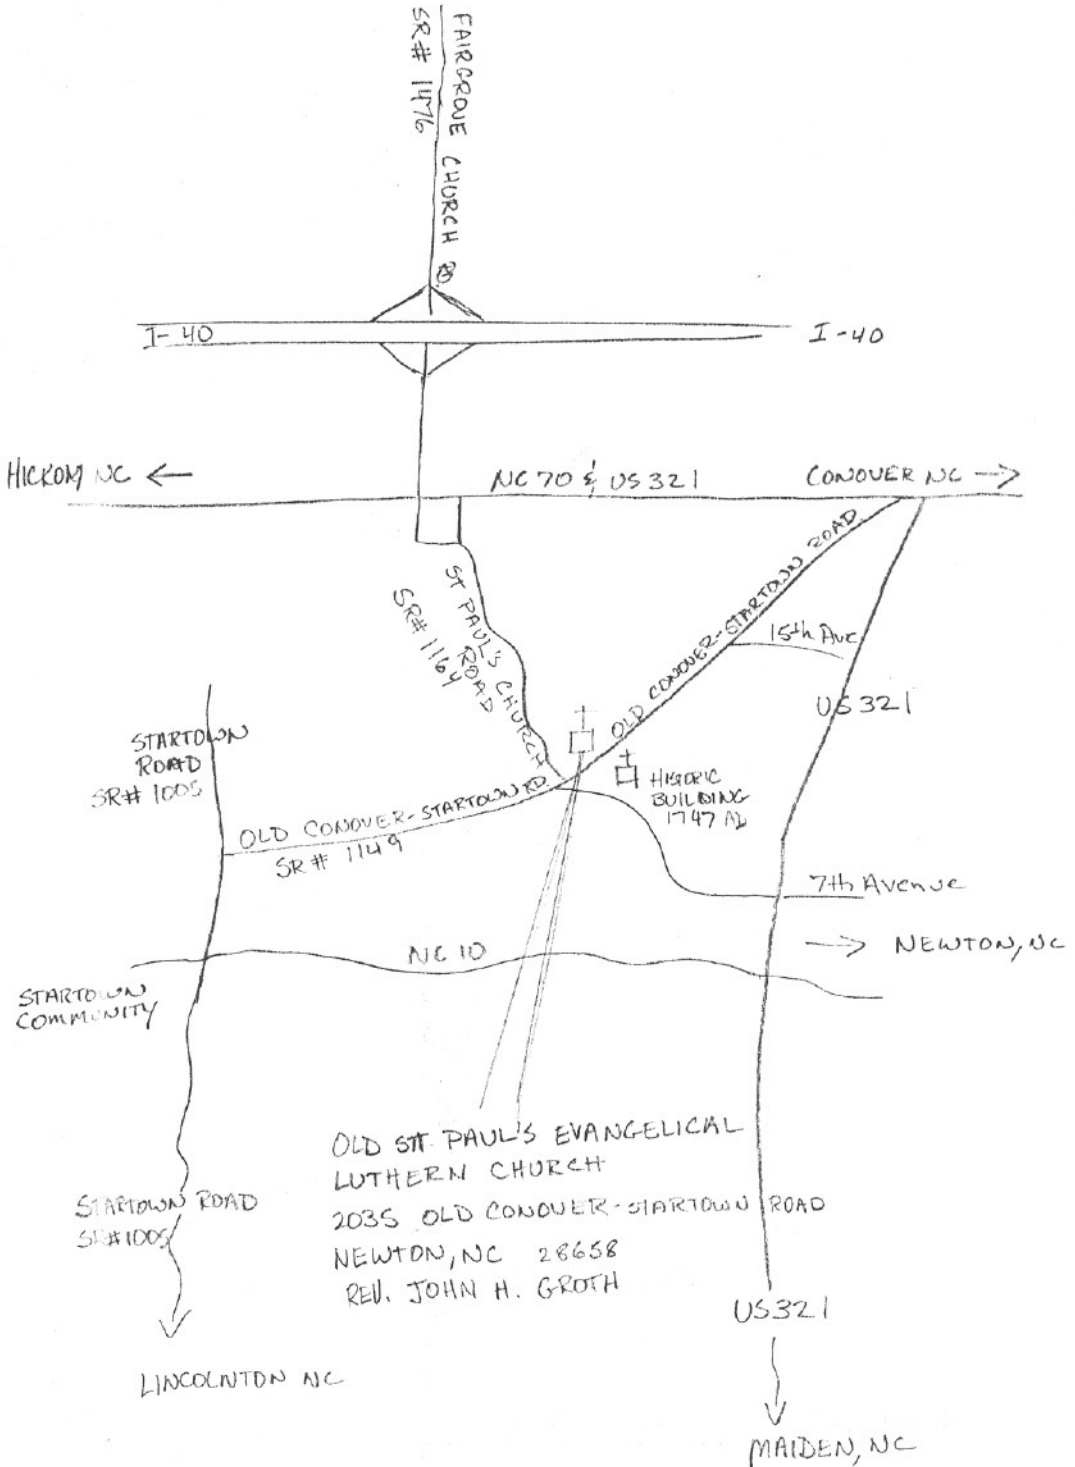

I need to close this letter with two additional requests. First, if you or someone who should be receiving this letter has had an address change recently, let me know the new correct address. Second, if there are newspapers in counties other than Lincoln, Gaston, Catawba and Mecklenburg in which an announcement of a Killian reunion should appear, please send me its name.

I hope to see you all on September 8, 1991 at Old St. Paul's.

Very truly yours,

Steve Killian
