Dear Descendants of Andreas Killian, Association Board:

It is with gratitude that I thank you for the AKDHA scholarship I received September 2016 from your Andreas Killian Reunion association. With your assistance I am able to go to college in a field I truly enjoy and help out with my expenses.

I would like to give you an update to what I have been doing, since I started CVCC in the fall of 2016. I am currently working on my two year degree in Liberal Arts at CVCC, with a transfer to a higher college for Accounting. I am able to take a full load of classes each semester (16 CEU's the first semester and 20 CEU's this spring semester). I am getting ready to finish my first full year at CVCC. I have had really good grades both semesters. I am learning a lot in the field of accounting and business law. My goal is to finish out this coming year at CVCC, then either transfer to Appalachian State or Western Carolina to attain my Accounting Degree with then hoping to become a CPA.

My coursework has included Principals of Financial Accounting, Intro. to Business, Business Law I/II, Writing & Research in the Disciplines, Micro/Macro Economics, along with History and English.

I am also still working part time at the Catawba Springs Golf Course. I am saving my money to help out with my college expenses when I transfer to a higher college. In my spare time I golf, fish, and play paint ball with my friends. But most of the time I am doing lots of homework.

Thank you to the Descendants of Andreas Killian Association, please keep up the great work in offering scholarships to students planning to further their education.

Thank you.

Zachary T. Sipe
