Sullivan

All of the Sullivan family were noted for their plainness and for their Spartan simplicity, no show of fine furniture or costly apparel about their houses. They had good stock and vehicles and plenty of home made provisions, were hardy feeders themselves and liked to place plenty before their friends. They were plain in dress and wore no beards on their faces. All of them accumulated good estates and left their children with good educations and plenty to start life on. They opposed secession as a unit and did all they could to avoid a war, but when their native state cut loose, they went with her right or wrong and contributed their means and sons to her support.

Col. Benjamin Arnold (born July 30, 1769) married Kenib Camp (born May 1777). They lived on Horse Creek in Greenville County. He built Arnold's Mills (near Princeton) and farmed. They both are buried near the mills. Their daughter Ann Hendricks Arnold married Dr. John C. Sullivan (fifth generation).
