Coat of Arms

Austin

Historiography

The Austin Coat of Arms illustrated left was drawn by an heraldic artist from information officially recorded in ancient heraldic archives. Documentation for the Austin Coat of Arms design can be found in Burke's General Armory. Heraldic artists of old developed their own unique language to describe an individual Coat of Arms. In their language, the Arms (shield) is as follows:

"Argent, on a chevron between two chevrons sable, three crosses or."

Above the shield and helmet is the Crest which is described as:

"A passion cross or between two wings erect sable."

When translated the blazon also describes the original colors of the Austin Arms and Crest as it appeared centuries ago.

Family mottos are believed to have originated as battle cries in medieval times. A Motto was recorded with this Austin Coat of Arms:

"SOLEMN DIGNITY"

Individual surnames originated for the purpose of more specific identification. The four primary sources for second names were: occupation, location, father's name, or personal characteristics. The surname Austin appears to be patronymical in origin, and is believed to be associated with the English, meaning, "son of Augustine." The supplementary sheet included with this report is designed to give you more information to further your understanding of the origin of names. Different spellings of the same original surname are a common occurrence. Dictionaries of surnames indicate probable spelling variations of Austin to be Aston, Austen, and Asten. Although bearers of the old and distinguished Austin name comprise a small fraction of the population there are a number who have established for it a significant place in history. They include: JONATHAN LOGGING AUSTIN (1748-1826) American diplomatic agent. For a time he was Secretary of the Massachusetts Board of War. In 1777, he was sent to Benjamin Franklin, in Paris, with news of Burgoyne's surrender at Saratoga. Later was Secretary of the Treasury of the State of Massachusetts. BENJAMIN AUSTIN (1752-1820) American political leader, published patriotic articles in Boston Press during the American Revolution. In 1803, President Jefferson appointed him Federal Loan Commissioner. STEPHEN FULLER AUSTIN (1793-1836) American frontier colonizer and founder of the principal settlement of English speaking people in Texas, in the 1820's, while the territory was still part of Mexico. The county seat of Austin, Texas, Travis County, was named for him, an educational, cultural and artistic center. HERBERT AUSTIN AUSTIN (1866-1941) Founder of the Austin Motor Company and its first chairman. Was knighted in 1917. Between 1919 and 1941, he was a member of Parliament, as a Conservative for King's Norton. In 1936, he was created a Baron, and the title became extinct upon his death.

No genealogical representation is intended or implied by this report and it does not represent individual lineage or family tree.

WELCOME

We would like to welcome you to the June 3, 1990 Austin Family Reunion, at Woodmen Lake Park, Union, South Carolina. We hope we can make this an annual event once again.

Please make this a fun day whereby you can become reacquainted with relatives and friends, and meet new ones. It has been a long time since we have been together as a family, so we know we have added quite a few people into our fold. Please attempt to meet and greet everyone before you leave today.

Much of the information gathered here is absolutely correct taken from family members, Bibles, court records, library records, cemetery books, friends, etc.

Some information is incomplete due to space and time. Other information we just did not know or remember; while other items may be misspelled or perhaps have a wrong date. If you know for sure what is not correct, or can fill in an empty spot, please let us know.

It has been a labor of love to compile this record. We have information about other family lines we would be happy to share with you, if anyone is interested.

We dedicate this day, June 3, 1990, to those of our loved ones who have gone on before us. May God bless each of you.

Ken and Brenda (Austin) Going

1828-1990

In the 1820 census record of Union County, S.C. we find some Austin names recorded, but we are not sure who they are. The Austin family goes much further back, but at present we cannot connect the right names to our family tree line.

It appears that our ancestors were poor to middle class citizens; seemingly working for someone else. However, Edward Austin told me once that our grandmother, Isabelle Wix Austin told him that somewhere in the Austin line some ancestors came from Turkey. They moved to England, and then made their way into South Carolina. We do not know by what means they could afford this trip.

We do know that John Austin was listed in the 1850 census. John was 22 years old at that time, and was working for a wealthy planter, Joseph Fant. John could not read or write. At some point in time he married a lady named Mary. We do not have any information about her.

In the same census records a young man, Richard Austin, was listed. We are not sure who he is either; perhaps a younger brother of John's.

From various sources we know, too, that many Austins lived in the Fairfield County area, but we do not know how to connect the right names of some of them. Over the years the Austins have scattered all about the surrounding counties and other states; and sometimes other countries.

The following pages are all about you and me. As you will see, the past and the present history is far from being fully completed. We need your help to complete your particular family line. Feel free to let us know the additional information we need to have this history more up to date by our next family reunion.
