Dear Mrs. Hall:

"Headquarters" seems to be bordering on the unreasonable when they refuse the information that you have.

In a letter from Mrs. Nannie M. Jones of Greenwood, Mississippi, a line states that John Hall, B-1765, D-1834, wife was Martha Gladden, moved to Winnsboro, S. Carolina. This letter is dated 25 Dec. '64.

A history written by Dr. Nathaniel Barber Hall a short time before he died Dec. 18, 1902, reads:

A short history of the Hall family supposing myself to be the oldest living member of our family---

John Hall came to S. Carolina with his widowed mother from Virginia prior to the Revolutionary War with her brothers John and Moses Hollis. John ~~Hollis~~ <sup>HOLLIS (his uncle)</sup> went into the army and endured the hardships of the trying times and came out an honored soldier with the rank of Captain. John Hall my grandfather was in the military camp at the close of the war, aged 16.

This Dr. Hall lived in Mississippi. The rest of his letter develops his side of the family. It would <sup>that</sup> the letter of Mrs. Jones would pinpoint the information needed by you---but I don't know about "headquarters." I wish I had more information for you.

It was nice to hear from you.

Sincerely,

*Vernon Peele*
