### **Mary Boleyn Connection through the Boulwares**

Hello Ricky,

I just discovered something new about the Boulware ancestors. I had been neglecting them. I have always been interested in medieval history. King Henry VIII and his wives have also been an interest of mine. Several years ago, I was quite surprised to find that we were descended from Mary Boleyn [through Burwell family] who was the sister of Queen Anne Boleyn, second wife of King Henry VIII. Mary Boleyn had also been his mistress before he married her sister. I have just discovered that we are also descended from the Boleyns through the Boulwares. James Boulware who is my 8th great grandfather and your 7th was married to Marjorie Gray. Marjorie Gray is the fourth great granddaughter of Sir Geoffrey Boleyn Lord Mayor of London. Mary Boleyn our other ancestor is the great granddaughter of Sir Geoffrey Boleyn. We are descended from the Boleyns through the Burwells and the Boulwares.
