

General John Bratton

John Bratton was born at Winnsboro, South Carolina on March 7, 1831, the son of Colonel William Bratton and Isabella Means. He graduated from Mt. Zion College in his native Winnsboro and in 1850 was graduated from the South Carolina College at Columbia, South Carolina. Three years later he completed a medical course in the South Carolina Medical College at Charleston, South Carolina, and soon thereafter began the practice of medicine in Fairfield County.

In 1859 John Bratton married Elizabeth Dubose, daughter of Theodore S. Dubose. They had three children: William, Theodore, and Isabella. General Bratton died at Winnsboro on January 12, 1898.

An outstanding soldier in the Confederacy, John Bratton was made Brigadier General on May 6, 1864.

After the war, General Bratton was active in the political life of his County and State.

The monument marking his resting place, in the Episcopal Church Cemetery in Winnsboro bears these words:

"Beneath this stone
Erected 1957

Fairfield County History

General John Bratton

John Bratton, Fairfield County's only Civil War General, was born in 1831 to Isabella Means and William Bratton at Wynn Dee. This historic house is the home of Mrs. Joe Cathcart at the corner of Bratton St. and N. Zion. General Bratton was the grandson of Col. William Bratton of Revolutionary fame and whose home place is the nucleus for the historic Brattonsville living history site in York County.

He took his early schooling across the field from his home at Mt. Zion Institute, which was established in 1776 and had become one of the finest college preparatory schools in S.C. He obtained his Bachelor of Arts at the College of South Carolina (now the University) and his medical degree at the Medical College of S. C., with some additional study in New Orleans. He was married to his neighbor Elizabeth Porcher DuBose and died in Winnsboro in 1898, after a successful career as physician and planter. He served as S.C. Senator from 1865 to 67, Chairman of the Democratic party, Comptroller General in the General Assembly, U.S. Congressman from 1884 - 85, and Trustee for S.C. College. The plantation on which he and Elizabeth raised their family, Farmington, was located just northeast of town.

The Fairfield County Museum has just received copies of the new book, General John Bratton, Sumter to Appomattox, In Letters to His Wife, by Luke Austin. The book, chronicles Bratton's four years in the War centered on a collection of letters in the Southern Historical Collection in U.N.C. Chapel Hill. Mr. Austin spent several summers in Winnsboro researching the General's family background. Call the Fairfield County Museum at 635-9811 to reserve a copy.

GENERAL JOHN BRATTON

General John Bratton was born in Winnsboro, South Carolina on March 7th, 1831; the son of Dr. William Bratton and his second wife, Isabella Means.

On graduation from Mount Zion Academy, he entered the South Carolina College, from which he graduated in 1850. He received a "Medical Diploma" from South Carolina Medical College and practiced medicine in Fairfield County, South Carolina, until the outbreak of the War between the States. He enlisted as a private in the 6th Regiment of Volunteers and almost immediately was promoted to rank of Captain. In 1862, he was promoted to Colonel of the 6th Regiment. Promotion was rapid and after the battle of the Wilderness, he reached the high rank of Brigadier General. He was cited many times for gallantry and was known to his men as "Old Reliable". He was twice wounded and was taken prisoner at the battle of Seven Pines. He was held at Fort Monroe for several months until he was exchanged. He was a great lover of the soil and after the war, he did not return to the practice of medicine, but became a farmer. He was very active in politics and held many offices and positions in the State and was elected Congressman.

In 1859, he married Elizabeth, the daughter of Theodore Lucose.

He died January 2nd, 1898.

His son, Bishop Theodore Bratton, in a letter to a member of the United Daughter of the Confederacy, tells an amusing anecdote:

The last wound his Father received was from a minnie ball, which struck him IN THE CHEST AND CAME OUT OF THE BACK, leaving a gaping ragged hole. This became infected and for two years, had to be cleansed and dressed daily.

Theodore was a small boy and in after years, it amused the General to relate that the boy would watch the dressing and would point to the wound with great pride and announce: "That is where the Yankees shot my Daddy in the back".

OBEAR'S Dyspepsia Tablets

"Have Cared Others and Will Cure You"

Winnsboro, S. C.,
February 1, 1909.

Dr. Drug Co.,
Winnsboro, S. C.

Gentlemen—I have been troubled more or less with
dyspepsia for fifteen years, until I took your Tablets.
They did me more good than anything I ever tried. I can
now eat anything I want.

Very truly yours,
W. L. KIRKPATRICK.

General John Bratton.

The Bratton family came
ably from near Belfast, c
Autrim, Ireland, during the
of Cromwell and the Stuart
Three brothers settled in York
Pa., and about 1750 William
Bratton moved to York county,
S. C., where he obtained a grant
of land from the crown and a
commission as sheriff of old
Pinckney District. William Brat-
ton married Martha Robertson
in the Yodkin District of N. C.
She was of Irish parentage and
was born on shipboard as her
parents were in passage to the
colonies. William Bratton be-
came a colonel under Gen. Sum-
pter in the Revolutionary War.
His eldest son and William Brat-
ton moved to Winnsboro about
the beginning of the 19th cen-
tury. His second wife, Miss
Isabella Means Judge (nee
Means) was the mother of Gen.
John Bratton who was born
March 7, 1831. His early edu-
cation was obtained at old Mt.
Zion college under the celebrated
Mr. Hudson. Hence he entered
the South Carolina college, and
later graduated in medicine at
the Charleston Medical college
and took a short graduate course
in New Orleans. He practised
a short time, but was more in-
terested in his planting interests
which finally occupied all his
time. He married Elizabeth
DuBose in Sept., 1859. He en-
tered the Civil War and serv-
ed with distinction, rising from
ranks to the command of a di-
vision. His war record is a mat-
ter of History and is one of which
his State and County are justly
proud.

After the war he returned with
his family to his plantation on
Wateree Creek. He was proba-
bly the first importer of blooded
stock into the State after the
war, and gave an impetus to
these industries which greatly
benefited his people. He was
foremost in the introduction of
improved agricultural imple-
ments. Although leading a re-
tired life, he was identified
with every movement of the
war and until his death, his
