These cards identified the people, then I looked up their dates, etc. on the chart of Wm. Broom's descendants and in the book "The Robert Coleman Family" by J.P. Coleman & in other sources, in order to make the captions for these pictures. The part of the said chart which I used here was taken from Dr. Broom's father's Bible and the part of the said book which I used here was taken from Cicely Coleman's father's Bible.

On Dec. 12, 1977 I, Jas.W.Green,III, was at W.F.Broom,Jr.'s (my paternal uncle's) home on Sullivan's Island and photographed these 12 cased daguerreotypes & ambrotypes. I made 50 exposures of these 12 cased photos on parts of 3 rolls of film which I call rolls 60,61,& 62. The film was 20 exposure rolls of Panatomic X 35mm film. The pictures on these two pages are from roll 61, frames 9 thru 20. The 1st exposures were of the inside of the open cases, followed by the outside of the open cases. The next exposures are shown here, being of only the picture half of the inside of the open cases. Then the last exposures were closer up shots of their faces, signed 16 Jan.78.

Feb.5,1978 I,said Green, examined the cased pictures themselves & identified which were ambrotypes & which were daguerreotypes & dated them by using the book Collectors' Guide to 19th Century Photographs by Wm.Welling 1976 Macmillan Publishing Co. The dates I feel are within 5 years or less in some cases of the date these pictures were taken.

These are pictures of daguerrotypes and ambrotypes that once no doubt belonged to Thos. Furman BROOM, M.D. and his wife Cicely A. COLEMAN. They then became the possessions of their daughter (Mrs. Lilla A. BROOM CLEMENTS) who gave them to her daughter (Mrs. Edith CLEMENTS McNEILL). Edith gave them to her 1st cousin W.F. BROOM, Jr. of Sullivan's Island, S.C. on Dec. 12, 1977. W.F. BROOM, Jr. is also a grandson of the said Thos. Furman BROOM, M.D. & his wife Cicely A. COLEMAN.

Lilla & Edith labeled these cased photos by taping cards to the outside of each case. The following was on each card.
