The beds, laterlaced by old English boxwood and euonymus, have in them innucompble plants. From the street wall can be seen formal shapes of mock orange trees that lend a decorative note and on each of the garden stand trees, boxwood that are cut in the shape of chairs and setees. On the right hand side of the gate is a tail dexican cactus plant that holds its head above the wall. Three of the immensely tell trees are bandsome specimens of hemlock, spruce and cedar. There are hundreds or roses, the banana shrub, white chinese magnolia tree (tulip), white and pink azaleas, crane syntle, mountain laurel, forsythia, hibiscus, oak hydramea, iasmine, spirea, simple and double white lavender lilacs, mimosa, judas, camellia, iabonica, rel simple and double variegated magnolia trees, oleander, gardenia, bear grass, papeus grass and other plants.

At the side of the front garden there were once two summer houses of English type that added much to the life and charm of the old fashioned garden. An old cork tree is said to have stood about fifty feet from the street on the south line.

On November 10. 1931, when Mrs. Buchanan died, this property. through a joint will of Mrs. Buchanan and Dr. Buchanan passed into the possession of the youngest daughter, Ethel Yongue Buchanan and the youngest son, William Yongue Buchanan.

This paper was witten many years ago (1932-1933) by Mrs. alice Buchanan Walker Dr. John Creighten Buchanan, Sr. Mise alice Americus Hackers and Mise Ethel J. Buchanan

The beds, interlaced by old English boxwood and euonymus, have in them innucompable plants. From the street wall can be seen formal shapes of muck orange trees that lend a deconative note and on each of the garden stand trees, boxwood that are cut in the shape of chairs and setees. On the right hand side of the gate is a fail devican cactus plant that holds its head above the wall. Three of the immensely tail trees are bandsome specimens of hemlock, spruce and cedar. There are hundreds or modes, the banana shrub, white chinese magnolia tree (tulip), white and pink evaluation cactus plant laurel, forsythia, hibiscus, oak hydrannea, iasmirot, sporeal simple and double white lavender lilacs, mimosa, judas, campilia, iabonide, red simple and double variegated magnolia trees, oleander, gardenia, bear crass, palance grass and other plants.

At the side of the front garden there were once two summer houses of English type that added much to the life and charm of the old fashioned garden. An old corr tree is said to have stood about fifty feet from the street on the south line.

On November 10, 1931, when Mrs. Buchanan died, this property, through a joint will of Mrs. Duchanan and Dr. Buchanan passed into the possession of the youngest doughter. Ethel Yongue Buchanan and the youngest son, William Yongue Buchanan.
