Dear Mrs. Stevenson,

Thank you for your recent response to my letter of inquiry regarding the Burley and Steele Families of Fairfield County South Carolina. Although I had most of the information, every little bit helps, even if it only confirms your existing data. I was actually hoping that you might have a Burley or Steele who was a part of your society with whom I could correspond. If you do, please let them know of my interests.

As you suggested, I have written to Mrs. Rosebush, and hope that she is still engaged in genealogy research.

I am certain that there are many of my relatives who are descendants of Harrison A. Burley and Margaret Steele still residing in the Fairfield County area. Please keep my name on file if anyone should come forth expressing interest in information about these families. I have access to the National Archives in Seattle and have already done quite a bit of census data research which may be helpful to someone else. In addition, a branch of the Burley Family relocated and established a significant extended family grouping around Concordia Parish Louisiana beginning just after the Civil War. Of note, there is a Winnsboro, Louisiana nearby, the origin of the name uncertain to me.

Enclosed, you will find application for membership in your genealogical society and a small donation to the museum to cover the cost of copying supplies. Additionally, I will include some of my information on the Burley Family for your files.

Thank you for your assistance,

Richard Burley Wallace
