Hello Mary,

I think it is great that you still have these family items and would like them to remain in good hands so that others in your family can enjoy them in the future. The genealogy items and photos, we will be glad to place them in our family files for others to enjoy and help them with their family research. Digital copies of the Bible will also certainly be appreciated and kept in these files. As far as the physical Bible, old rosewood medalion, and beautiful small chair, I will have to let Pelham Lyles the musuem director repond to these items.

We will look forward to meeting you and assisting you with making your visit worthwhile. We are staffed by volunteers, therefore, please let us know in advance when you plan to visit, so we can have a volunteer available for you.

Very grateful and appreciative for your thinking of us,

Thank you!

I want to make a trip to Fairfield County (in cool weather) from Atlanta before it becomes impossible for me to travel and get around on my own. I want to make a couple of donations to the museum to which I have been told there was no room. (specifically an old rosewood melodian, a beautiful small chair, and a photograph of Mary Douglas who received it for her 16th birthday present). I have a collection of old Chappell photos (can't tell who is whom) and an old Chappell bible from my Grandmother in which the ink/data is disappearing quickly. I am no spring chicken. I want to make sure these items are preseved properly, are not thrown out, or wind up on e-Bay because of somebody's ignorance or lack of interest. All of my Chappell ancestors are buried at The Old Brick Church, and my immigrant Douglas/s ancestors are buried at The Old Lebanon Church. I would like to make my last tour worthwhile.

CAN / WILL, anyone help me?
