Lance Cpl. Aldonail Davis

Davis promoted to lance corporal

Aldonail Davis of Winnsboro has been promoted to the rank of lance corporal in the U.S. Marine Corps.

He is now one rank away from becoming a non-commissioned officer.

This promotion is an honor, which Davis earned through exceptional effort, dedication, and hard work.

Currently, Davis is working as an aviation supply clerk for the Supply Management Division of the Aviation Supply Department.

He is responsible for maintaining the inventory of war reserve aeronautical material worth more than \$100 million.

By its direct effect on both aircraft and maintenance readiness, this is one of the most demanding jobs within the supply department, and Davis' performance has been outstanding.
