

Dear Cleora

I don't think I acknowledged your last note, anyway I appreciated it

In clearing up some of the papers after compiling the birth and marriage dates in our family I noticed Aunt's Girard M.^c Chasaban Feaster b. 1882 - This should be 1828 - and my birth is 1883 - Hope I had it correct on your paper -

I go to Caroline's Sat. Friday, 24th. Be

Dear Cleora,

You have been very patient with me.

I think the enclosed information is what you want.

I hope the arrangement will pass. This is my first experience with this type of work. I shall try to learn more about it.

Dear Clara,

Thank you for the data, and your nice letter.

I was glad to send you the information on Cousin Jerome. I did not know if he belonged to us or not. That was all the information I have.

Should I ever find one of those pictures I'll certainly let you know.

I am planning to visit Caroline and her family right soon.
