This is really cool. Thank you so much for showing this and I will be sure to share what I find. I can't help but feel that my ancestor Center Gibson was the man up front farthest to the right. Something about his demeanor. He played a major role in the Corps can't help but believe he would be on the front row.:-)

Hello Danielle,

I sent some emails with Gibson information to you earlier today. I have not been able to find information about a Gibson Plantation or Center Gibson; just George Washington Gibson probate record, Gibson Burial Ground, Jacob Gibson and his descendants, and Gibson Meeting House, which was later Little River Baptist.

After reviewing the information sent, if you need further assistance with a specific request, please let us know.

Hope you and your family have a safe and nice holiday.

Eddie
