Might look up some of the above in census to see where they lived.  
I know Dorcas Land Castles was in SW Chester Co SC in Halsellville community

I will ask around with the Chester folks that I have contact with on some of these cemeteries.

Virginia,

Debby Van Sant has found a description of a Chapman cemetery being somewhere in the Halsellville area of Chester County. Do you know of this? Also, there is a Mizpah cemetery somewhere near there. Bill Brazell is the one seeking Enoch's burial site.

I need to let you know that historian Ken Shelton is digitizing all the early deed/plat records we had on microfilm here in the museum. Everything is in the process of being put onto his researchable website at <http://www.ken-shelton.com/>. I have copied his address above, as I don't think I have introduced you to him before now. Ken, Virginia is a very good researcher on Fairfield and Chester histories.
