Sweet Taste of Success

I was attending a Silver Haired Legislative Session; there I was warmly greeted by Sheron.

I seized the opportunity to tell Sheron my plans to promote a Senior Transportation Project for Senior Citizens in Chester County. Sheron provided a listening ear; I tried to make my goals perfectly clear.

I shifted to first gear, from Sheron's receptive smile, I could tell that she was supportive of my ideas. Sheron understood what I wanted to do; I was ready to follow through. To God Be the Glory.

Project Pathway's is now Reality- Paved with the Fruit of the Spirit.
