Re: Hall family papers

Mr. Taylor,

Following our brief conversation on the Hall family papers, I feel certain that the papers are in either the museum or the library in Winnsboro. According to various members of my family, these papers contain a great deal of information that would be important to me. As for the length of time that your institution has had possession of these papers, I am not certain, but I can tell you that the woman who donated the information was Mrs. William Riddle of St. Tee, South Carolina. You spoke on the phone about knowing my relative, Mac Hall; he may be instrumental in locating this information, which would be a great aid to me in my search for family history. I would be glad to pay for any and all Xerox copies that you can provide, as they are the missing links in my research. Any help you can render would be greatly appreciated.

Sincerely,

*Russell S. Hall*

Dear Mrs. Hall:

"Headquarters" seems to be bordering on the unreasonable when they refuse the information that you have.

In a letter from Mrs. Nannie M. Jones of Greenwood, Mississippi, a time states that John Hall, B-1765, D-1834, wife was Martha Gladden, moved to Wimsboro, S. Carolina. This letter is dated 25 Dec. '64. 1964

A history written by Dr. Nathaniel Barber Hall a short time before he died Dec. 18, 1902, reads:

myself to be the oldest living member of our family---

John Hall came to S. Carolina with his widowed mother from Virginia prior to the Revolutionary War with her brothers John and Moses Hollis. John

of the trying times and came out an honored soldier went into the army and endured the hardships aged 16.

This Dr. Hall lived in Mississippi. The rest of his letter develops his side of the family. It would that the letter of Mrs. Jones would pinpoint the information needed by you---but I don't know about "headquarters."

It was nice to hear from you.

Sincerely,

My Cousin:

you are so good and kind & send me the last information that you have on the Hall family. and I thank you very much.

All of it is very interesting. Little by little I guess we will gather it all up. It is good to help some one to help.

I am enclosing you a copy to keep of the write up on Benj. Mortimer Hall. This Mrs Roberts is a niece of Annie Hall of Manchester. <sup>John</sup> Annie Hall is a double first cousin of mine and has been working with myself for many years on this record. And now on receipt of you to keep.

My family and her family are closely connected with the Stokes family - more so than John Surlee. My grand father John Hall married Marriell his first cousin Nancy

### BENJAMIN MORTIMER HALL

The late Benjamin Mortimer Hall was one of the constructive spirits whom the material advancement of the state of Georgia has depended. Trained as a civil engineer, he founded the firm of Hall Brothers, Inc., which completed construction projects throughout the South. In a varied career he also found time for teaching, writing, civic work, and official relationships with professional organizations. Atlanta has produced few such well-rounded men, and few as consistently devoted to the service of their fellows through the training and the disciplined use of their native gifts.

A native of Wynnsborg, Fairfield County, South Carolina, Mr. Hall was born January 31, 1853, son of Dr. Nathaniel Barber and Nancy (Boulware) Hall. He was probably of the fourth generation of his family in the paternal line to reside in America, and the following record of the three generations preceding him were supplied by the engineer's father, Dr. Hall, who in a preface wrote that he supposed himself "to be the oldest living member of our family."

(I) John Hall, first of the line recorded in these notes but perhaps not the first of the line in America, came to South Carolina with his widowed mother from Virginia prior to the Revolution. They were accompanied by her brothers, John and Moses Hollis. At the close of the war John Hall, then sixteen, was in military camp. He married Martha Gladden, whose mother was of the Agnue family, in 1788. Of this union were born ten children.

(II) John (2) Hall, fifth child and fourth son, was born about 1797. He married, first, Mollie Barber, an Irish girl, who belonged to the colony of Irish patriots from Antrim County, Ireland, who came to South Carolina in 1797. Of this union were born six children. John (2) Hall married, second, in 1829, Dorcas Gladden who survived him and married thrice afterwards. He died on July 31, 1831.

(III) Dr. Nathaniel Barber Hall, fourth child and third son of John (2) and Mollie (Barber) Hall, was born in 1821 in South Carolina and died in Gordes County, Georgia in December, 1902. He took the degree of Doctor of Medicine from Charleston Medical College in the state of his birth in 1846. After practicing in that state for a time, he removed to Floyd County, Georgia in December, 1853. In 1859 he moved to Webster County, Georgia. Dr. Hall served in the State Troope nine months, three of these months as captain and six as surgeon. After the conclusion of the war, he returned in 1868 to South Carolina, and in December, 1880, came again to Georgia and settled in Gordon County, where he resided until his death. In 1842 in South Carolina, Dr. Nathaniel Hall married Nancy Boulware, and of this union the following children were born: 1. Gertrude, 2. Benjamin Mortimer, of whom further, 3. James, 4. Maxey, 5. Metellus, 6. Olin. Three others, Mary, John and William, died young.

Through other lines of descent, the engineer could claim as an ancestor John Barber, who was a soldier under Robert Emmet in the North of Ireland and who came as a refuge to America, settling in South Carolina in 1797. The Boulware line is of French Huguenot origin. Benjamin Boulware, maternal grandfather of Benjamin Mortimer Hall, married, in 1829, Sarah Richmond, and their daughter was Nancy Boulware.

Benjamin Mortimer Hall was less than a year old when his parents came to Georgia. Hence the years of his youth were for the most part spent in Webster County and he received his early education in its schools. Early attracted to engineering, he entered the University of Georgia, and on his graduation there in 1876 with the degree of Bachelor of Engineering, he accepted appointment as professor of mathematics at North Georgia Agricultural College, Dahlonega. He thereafter began his career in engineering, but concurrently continued his advanced preparation with courses at the University of Georgia.

In 1885, he took degrees in civil and mechanical engineering. This same institution conferred on him the honorary degree of Doctor of Science in 1921.

From 1880 to 1896, Mr. Hall gained varied experiences as supervisor of mining operations in the gold mines and marble quarries of the northeastern and northwestern sections of his state. He was successively ing engineer and superintendent. Here, his memoir in the transactions of the American Society of Civil Engineers points out, he "established a reputation for

Dear Clee:

Thought I would like to chat with you for a bit.

I stayed 3 weeks in Florida with my brother Bill. Most of the time we spent in the library, doing research. We started in the census beginning 1800.

For several census periods only the heads of family were listed. Then they began to place initials for the rest of family.

In the 1800 census John Hall had listed 2 males head of family up to 25.

" " " " 2 females w up to 25. Apparently this was <sup>met</sup>our John's son

as

he would have been only about 9 years old at that census taking.

BUT

John Hall Jr. CENSUS 1800

there is listed 3 boys under 10, which I figure would be Thomas, John, Laban and John Jr which would be about 35 years also 2 boys between 10 and 15 which I think is Darlington, and Mansel. one girl under 10

I think was Martha who would be about 2 years old. one other girl listed but I cant decide who that was (it couldnt be Sibbie could it, as she died as a young infant.) whoud the girl have been Sara who died in 1822? the Martha wife who would have been about 35 years old. Plus 3 slaves.

Have you an idea who the first John could have been?

The 1810Census

John Hall had 3 boys 10 and under which I figure is Ruben B-1809 Daniel -1803 Wm. -1801

1 boy under and up to 16 I figure this to be Laban b-1796 therefore he would be just about 16.

2 boys under 26 which I figure might be EITHER Darlington age 25 OR Thomas " 20 altho at age 25 perhaps Darlington was married " 23 MANSEL

and not counted with John's Census

In the 1820 census we find

THOMAS HALL

1 BOY UNDER 10

1 boy under 16

3 females under 10

1 female under 16

1 foreigner not naturalized

2 persons in agriculture

2 male slaves 14-26

1 male slave 26 to 45

1 female " 14 -26

3 females " 26-45.

John Hall

1 boy under 16 which I think is ~~EMMEX~~ Ruben

3 " " 26 " " " are Daniel, William Laban.

Notice how in this year the census taker has added more questions.  
Also one of the questions asked ages of boys EVEN HEADS OF FAMILIES.

I AM A LITTLE PUZZLED ABOUT THIS JOHN HALL. AS THE BIBLE GAVE NO ISSUE BUT THE CEMETARY WE WENT TO GAVE A STONE WHICH READ John A. Hall

The age is about correct according to our records answer to above: the little son John A. Hall was a son of John and Mary (Barber) Hall - This John A. was a grand son of John and Martha Gladden Hall, as the father (John) was their son -

the years of 1840, 1850 and 1860 I am having printed in Florida  
My brother is taking care of this matter for me,,

In the 1885 **Census records** I have finially found the Dro John hall  
who went to Florida.

He settled in an area where my GRANDFATHER and some of the other  
relatives settled. Namely the Adams, and Slighs.  
Some years later my own father and his relative one of the Slighs  
went into business together. So I know this is correct.

DR. JOHN AND his wife were born in So. Carolina according to the  
records. (THIS OF course we know already)

AS WAS THEIR PARENTS BEFORE THEM .

HE WAS A PHYSICIAN

at the time of the census he was **47 years old**  
his wife 32 years old  
one child was born in So. Carolina a (boy)  
2 in Georgia boys  
1 girl was born in S.C.  
2 boys " " " " "

By the last 3 children being born in S.C. it makes you wonder if  
they moved back to S.C. or if she went back to S.C. to have the children.

This area was in Sumter County at that time later the name was changed  
My grandfather lived in this area of a few milws for about 60 years.

So<sup>x</sup> seems only logical that Dr. John would go to an area where  
his relatives were being successful. Also he was the only physician  
I noticed in that area.

These are a few of the interesting things I learned while I was in Fla,  
Will write as I learn more.

Love Grace.

Dear Nancy:

Following my letter to you of 15 November 1983, you replied in December that you had been able to get another \$50.00, but you did not enclose it, so I decided to go ahead and do the one day's work for which you sent me a check in November.

Realizing that you have done much research yourself in Fairfield County, S. C. records, I did not want to duplicate your previous efforts, but I did feel that we should be certain that searches in such basic sources as estate papers and deeds were complete.

Fairfield County, S. C. Estate Indexes and references:

John Hall, Jr. 52-799. 1831.

Will of John Hall, Jr. 30 Oct. 1830. Wife Dorcas ...my share from estate of William Gladden, dec'd. Four children: Mansel, Louisa (or Lucretia in accounts), Nathaniel Barber (b. ca. 1821), Saroah (sic) Lucela(?). (He, we have, as son of John Hall (1765-1834).)

*Wm. Gladden was Dorcas' brother died intestate - unmarried Both children of Jesse Gladden*

Mansel & Louisa Hall. 52-801. 1832.

Nath. & Sarah Hall. 52-802. 1832. (I did not search these as we could identify as minor children of John Hall, Jr.)

*Thomas (Rev.) & Daniel were guardians of these minors*

Alexander B. Hall. 52-805. 1833. *wife Ann Her will leaves legacy to*  
(Did not search this as he can be identified as son of John Hall (1737-1784).) *Evidently no children niece & nephews*  
*1/2 of 1/4 equal shares left to Swann Theological Inst.*

John Hall. 52-807. 1834. I assume you have a copy of this. I noted all the slaves named in the appraisal Oct. 24, 1834. Twenty-two named, and apparently there were increases by the time division was made amongst the heirs.

In one account, I noted "Pd on dec'd. not to Thomas Hall and Daniel Hall ex. of John Hall." I found this a bit confusing since John Hall apparently died intestate--so there would not have been executors.

Administration Bond: Mansel Hall, William E. Hall, Charles Loughlin, James Cathcart...mentions if a will is found.

Value of Land Given:

Mansel	500.00
Thomas	537.50
S. J. Stokes	537.50
John Hall	537.50
Laban Hall	537.50
Daniel Hall	500.00

*This was probably legacy for John Jr's minor children pd to Guardians -*

That completes all references from index up to 1840.  
Have not secured the references after that date.

I have corrected my report of 18 October 1983 to show that it was the son of Patsey Stokes--John W. Stokes who was deceased--not Martha (Patsy).

It's probable that both Reuben Hall (of deed 1786) and Samuel Hall (one of appraisers of estate of Charles Johnston, dec'd. in Richmond Co., Ga. in 1812) are related to your Hall family.

Nancy, there are just no short cuts. Maybe our next step should be to check out Minor Gladden's deeds. He bought Martha Hall's 229 acres. I think she was still on the original land. The other land that was deeded seems to be land inherited from William Gladden and Agnes Agnew. Do you think maybe this William Gladden married twice? What connection is there between Elizabeth Gladden b. ca. 1750 d. ca. 1858 with a son Minor Gladden?

It appears that the estate papers for John Hall d. 1834 are fragmentary. It looks very much as if Darling Hall was left out of the final settlement.

Did the Halls attend Mt. Olivet Church? I'll be happy to continue in any manner you suggest and to the extent of your advance.

*No. Rev. Thomas was a Methodist preacher. On an old map there is a Mt. Meriah Methodist Church. I can't find any records. There was also a Baptist Church in Poplar Springs. Dr. William & Daniel Hall were active in Bethesda Methodist Church in the Rocky Mount Area.*

Trust you and your family had a nice holiday. Ours was hectic but happy.

Sincerely,

*W. L. Hicks*

Mrs. W.L. Hicks

Have you checked the 1880 census to see where Daniel Hall says his parents were born?

*On a family chart from Reese - William Gladden b 1750 d 1793 Fairfield (probably intestate) Md - Elizabeth --- b ? d. 1851 107 yrs. old. Son Minor b. 1787 d 1867 md Jane Tidwell b. 1792 d 1879. Elizabeth, Minor & Jane buried in family cemetery about 1 mi east of Mt. Olivet Church. William could have remarried Agnes Agnew since Martha was born 1765. In the Roster of S.C. Patriots in A. Dear Mrs Hall:

I do wonder how you are.  
We didnt take Gary back to school this year, my husband, brother and Gary had started painting our house, which is a big 2½ story house, and when it came time to take Gary to school there was too much work to do, so he flew down. It made me feel bad as that was the first time we failed to take the trip together.

Any time you are ready to have fences placed around the grave yards, please let me know and I will send the money. I do feel that is the least I can do.

I sent to the Archives and got some records of JOHN HOLLIS. I thought that you would like to see and HAVE them, we know that he served in the REV. War so this is proof. To me it a sad situation, when a person serves their country that many years and was treated as he was. Each time I run accross some historical bit that involves the family either directly or indirectly it is the biggest thrill. So I wanted you to share it with me.

Gary and Gayle are planing on getting married Xmas time. so I guess we will have to go down, it is a very bad time for us as many times our furnace goes out and the danger of frozen pipes is very great., also we have a great deal of snow and ice, if you do not keep the sidewalks free of snow you hare held liable for injury and fines so you can see whth no one to leave incharge of our place we will take a big chance. Do wish they would have been willing to wait untill June. Youth does not always think of these kinds of problems

Thank you again for the place mats they are beautiful.

Please write when you have time I do love to hear from you.

Love  
Isaac

Dear Clee:

Your letter made me both happy and sad  
Happy to hear from you, which is always  
such a thrill, and sad about the  
interstate project.

Do you have any suggestion that we as a  
family might do to help assure the  
safty of our loved ones graves?

Do you suppose that if we placed a better  
fence around them, and did other improvement  
any one or any company would then  
realize they are cherished, and are  
held in the greatest of respect/? + Love

Am I correct in assuming these graves  
are situated on part of the land which  
was their own home places?

Is there any way of finding out their  
ownership , and ownerships right down to  
the present owners? If so when we come  
down that is something I would like to

do<sup>d</sup> add to my knowledge of the family

I will have some zerox copies to send to you in a few days. Among the copiss is a history of the church where my grandmother McCollum's family went to ~~gh~~ church and were married from. I'm sure you will find it very interesting. As I progress in my research I find the McCollums were from South Carolina. One of the relatives, (who has much "info" was in California last year and had access to the Mormon library, f~~on~~nd the information, and as it was not convenient and the zeroxing machines were busy failed to record this jewel of "info."

Our grandmothers were sisters so it was inportant to her as to me and my family.

When I first went to Winsboro as you know I met Mrs Brice. She was telling us a story of some of the families dueling

Dear Mrs Hall;

I received a letter from a friend of mine in Randolph, co. Goergia, her husband was a judge, and for years she has been doing research on records. She located information about Lousia Hall, land transaction. and also some records later in 1869 about Thomas Kennedy T.K. Hall and Liza Hall Young. I thought grandpas sister must have died, as he "spoke about he and his mother going to Ga. from So. Carolina but as you can see she married a YOUNG.

I am sending this lady, Byron Halls' Dr. John Hall, and Dr. Wm Hall, and see if she can find some record of them, as I beleive that Byron and Dr.Hall moved to So. Georgia. So maybe at last we will learn about Byron. Just as soon as I hear I will let you know just what I find out.

I havent heard from you for a long time do hope you are not ill.

I just wanted to share this news with you

experience. And as a result one returned to England rather hurriedly thinking he was the victor.

Do you recall hearing a story similar, I'm quite sure I do not have the facts straight or correct, some time when you care to spend the time, and thinking about family stories, would you be so kind and write them out for me PLEASE.

Any little thing you care to share, I shall be grateful.

When we were first corresponding you mentioned a lady 4 miles from you.

a Mrs Cauthm, (I may have copied the name wrong.) Do you know who she might be?

You also mentioned about a relative who had taught in N.C.

This lady was a relative of Lousia Kennedy Hall,

Sorry about all of the questions but there is so much I want to know. Hope to spend much time in Winnsboro area this summer.

Dear Mr Hall,

I thank you a thousand times and then some for all of this valuable information and your time and trouble.

I feel more encouraged now that I may be able to get my application accepted in Wash. D.C.

And about three weeks ago, I wrote to the Dept.

of Archives and History in Nashville, Tenn. for the date of the marriage of Maudel and

Stephina Porter as the ladies in Wash. requested it. To my surprise, I received a reply yesterday

and they had it - in record <sup>MAURY</sup> Co. Tenn. - Columbia, Tenn. is County Seat. <sup>Hall.</sup> Central Southern Tenn.

It is: Jan. 4. 1810 in Maury Co. Tenn.

No honey, I know I am descended from the line of Maudel <sup>Hall</sup> and Stephina - and my application is made not that way - Maudel

and Stephina when they lived in Miss lived near Haley Springs, <sup>at</sup> what was Waterford or Malme Miss. and are both buried there. That is in the north eastern part of the state. He was a wealthy man, also Samuel <sup>lived there</sup> Stokes before he moved to Madison Co. Miss. moving there from near Haley Springs - about 1833 or 1834 - you know that all written up.

2

It is said by one of <sup>2</sup> Maurice's sons who was in  
the Civil War (he had 4 sons in the war) that  
Gen. Grant used Maurice's lumber for his quarters  
during his stay in N. Miss. and burned it  
when he left. When one of the sons returned, etc  
he found was of Chimney's standing.

In 1954 I wrote to Columbia S.C. for the  
photostatic copies of John Hale's work  
and am enclosing 2. In one, you will see they  
mention "John Hale" in a letter "John Hale Jr."  
Please return these -

I am also enclosing a write up of the in-  
cident of the murder the 2 children of Maurice  
and Delphia Hall named Mr and Lacey.  
My grandfather John was out in the woods  
with an old negro man, <sup>servant</sup> no the reason he  
was so - that is the way grand pa told it  
to my mother, Julia Hale Montgomery. He  
was 80 yrs old when he died and was 7 when  
it happened. This <sup>write up</sup> was found by Mrs John  
a son, my cousin of Atlanta who is asst  
librarian at Emory Univ. Please return it -  
I was 83 yrs old last Jan. and have cataracts -  
growing over my eyes and writing or reading  
tries me a lot & I would copy them for you.

Yes, I should know the name of a Branch of  
Jupeter. as she is my very sister. I had one  
brother - Dr. Paul P. Montgomery of Memphis,  
I am. who passed away 8 yrs. ago - He was a  
radiologist there for 36 yrs.

The Wilson surname you mention received  
most all of his information from my sister and  
she and I and a Cousin from <sup>Miss Lavinia Hall</sup> Memphis took  
resided in this place for about 50 yrs. but never  
ran too far away, <sup>from S.C.</sup> to get very much data. My  
mother gave us a lot. She lived to be 81 - and  
her mind was active till the last.

I have 3 sons. Maurice and more of them  
live in 3 more - eldest is Paul Montgomery Jones  
lives in Vicksburg, Miss. - is a draftsman at  
the U.S. Engineers, Inc. - Mr. L. Jones, lives on  
McComb Miss. As in the bridge construction  
business - 3rd is Oranger Hale Jones. Lives in  
Huntsville Ala. - works at the <sup>NASA</sup> U.S.A. missile  
center - I must cut an apt.

I enclose a cert for \$600. which I hope will  
pay for the certifying copies you sent. If it  
don't, I hope you will let me know and I'll  
send more.

Yours ago Lavinia Hale of Memphis got a lot of  
information from Elliott <sup>Falls</sup> ~~Hall~~ ~~of S.C.~~

Dear Mrs. Hall:

"Headquarters" seems to be bordering on the unreasonable when they refuse the information that you have.

In a letter from Mrs. Nannie M. Jones of Greenwood, Mississippi, a lime states that John Hall, B-1765, D-1834, wife was Martha Gladden, moved to Winnsboro, S. Carolina. This letter is dated 25 Dec. '64.

A history written by Dr. Nathaniel Barber Hall a short time before he died Dec. 18, 1902, reads:

A short hystory of the Hall family supposing myself to be the oldest living member of our family---

John Hall came to S. Carolina with his widowed mother from Virginia prior to the Revolutionary War with her brothers John and Moses Hollis. John Hollis *(his uncle)* went into the army and endured the hardships of the trying times and came out an honored soldier with the rank of Captain. John Hall my grandfather was in the military camp at the close of the war, aged 16.

This Dr. Hall lived in Mississippi. The rest of his letter developes his side of the family. It would <sup>mean</sup> that the letter of Mrs. Jones would pinpoint the information needed by you---but I don't know about "headquarters." I wish I had more information for you.

It was nice to hear from you.

Sincerely,

Dear Mrs Hall:

How disappointed we were not to meet you in person this fall. I am quite sure when we meet I for one will feel like you are a very dear friend.

We stayed in Europe longer than we planned. It was so enjoyable, and the people treated us so royally that we stayed over. We were only home a week when we had to carry Gary back to Bob Jones University. As Dr. Hall had only a short leave from the hospital we were unable to do many of things that we wanted to do.

Do hope that you and your family had a nice summer, and was in good health.

I have decided to write to Washington, to see what I can learn about the John Hall who served in the American Revolutionary War. There may be some difficulty in obtaining information as I do not have the Company nor Regiment nor the State from which he served. By chance would you have that record?

Have you received a form from the Daughters of the Confederacy called the lineage form? I have and so far I'm not sure how to fill it out. I wonder if others have the same trouble. In my opinion it can be fill two ways. I have applied for the military Cross for my brother, Those who served in war 1, war 2 korean, war is eligible. Which the D of Confederacy is a nother way of honoring our Confederate Fighter.

Thank you so much for all of your nice and kind interesting letters.

Dear Mrs Hall:

The news that I have been waiting to tell you about is:  
I have in my possession 21 pages of JOHN HALL JR. military record, for the American Rev. War.

Would you like to have copies of these, if so I will have some made for you.

The other bit of news is. My brother is to received the Military Cross of Honor, given by the "Daughters of the Confederacy" in honor of our grandfather, Hall (Thomas Kennedy) My daughter Gleda intends to fly to Florida Saturday to be there in Cocoa, Florida for this honor.

This will be the first time that Confederate Gray Chapter 641 has bestowed the Cross. This chapter is located in Leesburg, where grandfather lived the last 35 years of his life

My daughter finally had her baby, she was in labor off and on for about 3 weeks before the baby was born, and the actual delivery was very difficult. She came to my home three weeks before the birth, and is still here. Thank God all is getting back to normal now.

My oldest son, has graduated from college with his nursing degree, as of January, 1970 I am so proud of him.

Excuse this note, but I just had to share the news with you,

Sincerely,

Dear Mrs Hall:

I have some very good news,  
My papers have just gone through for the DAR.

Just as soon as my numbers come through to me I  
will send them to you so you can sent to the  
relative who has been trying so long to join.

Most of the success of this membership is  
due to your supreme efforts, and information.

I shall for the rest of my life be in debt to you.  
How can I in a small way repay you?

I wonder if you ever received the papers of  
Captain Hollis,  
I wrote for his papers ,(in the hopes that I might  
be able to pin point the reg, and who, both he  
and John Hall served under.  
I shall also write for Johns brothers records,  
and maybe that will also give us more data.  
When it is received I shall have copies made for  
you and will send them to you post haste.

I havent heard from you since June, I do hope  
that you are not ill,  
I have developed a great fondness for you, as well  
as admiration. Gary spoke to glowingly, about you.

We are to fly to So. Carolina for Garys wedding  
Dec. 22, The family would have rather he would  
have waited but we love the girl, and they both  
graduate in 1971, so if that ~~what~~ will make them  
happy, we want them to be happy.

When shall I sent money for the grave yards?

May I receive a letter some time please??

Fairfield County Historical Society,

Dear Sir:

Have recently learned you have the, "Hall Family History", given you by Mrs. Elo Bratton. Her daughter, (Mrs W. M. Riddle) informs me they were left with the understanding that any Hall descendants be granted copies. My mother was a Hall, and I a descendant of Manuel and John Hall. If you will inform me of the cost to you for sending me this information I will forward it.

Dear Mrs Brooks,

Thanks, so much for the information you sent me on the Hall family. Especially, the page apparently from an old Bible, with the family birth-dates. Some I had were not correct. There was a Mansel Hall, architect, who lived in Winsboro, in the 1850's. I would like to establish the relationship with Mansel Hall, (my gr. gr. grandfather - B-1788) who with his son John Hall were at that time living in Miss.

Enclosed check in appreciation for the work you did for me. Hope someday I can visit Winsboro, and the museum.

Dear Mrs. Powell:

Your letter to the Fairfield County Historical Society asking for information on the Hall Family History was appreciated very much. - As you already know Mrs. Cleo C. Hall accumulated valuable information on many families here and her daughter, Mrs. Riddle has kindly given to the Museum here some of her records. -

On checking what we have we found several copies so we are sending you from her file a copy, as she had several of these made up and I know you will be glad to have these and hope that it will give you some of the information that you are looking for. I have penciled a note of so on one copy that she had on one copy. - Also I am listing this below that I also found:

- great
- " Bratton's/grandfather is John Hall (Camden Dist.) Bratton Hall was husband of Cleo Clowney Hall."
- " Mary Cauthen, daughter of Mansel, 2nd. and Jane C. Hall. B. 3/27/1863 - D. 8/23/1864"
- " Mansel Hall B. 11/12/1810 - D. 3/4/1876"
- " Jane Elizabeth Hall Consort of Mansel Hall 2nd. B. 1/5/1826 D. 10 - 1851" Buried in Methodist Cemetery in Winnsboro, S.C."

I hope some of this maybe of some help to you and if we can be of further help, we shall appreciate hearing from you again. --

Sincerely,

Dear Mrs Hall:

Last August on the way to Greenville to take our son back to Bob Jones University we decided to stop in Winnsboro.

My grandfather Thomas Kennedy Hall, was born in Winnsboro January 1, 1847. According to newspaper clippings; he and his mother later moved to Georgia. In the 30's he and his second wife returned to Winnsboro after an absence of 70 years.

I went to the court house and found a few old records, and was advised to speak to Mrs Brice who was the owner of "flowers and gift Shop" on MAIN Street.

Mrs Brice was located and one of the most gracious ladies I have ever had the privilege of meeting. She took time off from her place of business to her home for a visit. Mrs Brice mentioned that my grandfather visited she and her mother Mrs Sara Hicklin Hall Arnette, when he made his pilgrimage back to the home of his youth. While we were there she tried to reach you by phone. According to Mrs Brice, you are very well informed on the HALL genealogy.

I have a number of newspaper clippings and Archive records of Grandfather from the 1860's through to his death in 1938. The eralier records are the ones I am most interested in.

If you would be able to devote some of your time; for remuneration whatever your fee; I would be most appreciative.

May I hear from you some time?

Sincerely,

Grace Hall

After being paroled from the service he returned to

He went to Florida in the year of 1868, developed large

Note:

General T.K. Hall was Lake ~~XXXXXX~~ County's youngest Veterans of the war between the states at a convention in 1936.  
He was 90 years old at the time.

General Hall served in Company E. 3rd Georgia Regiment of Reserves Gantrell's Brigade, Cobbs Division.

This company was made up of boys who ran away and joined the army. They served for a time on guard duty at Andersonville prison

The last battle in which his company engaged was fought near Columbia, Ga. April 16, 1865

They knew nothing of the Surrender of Lee's Army, as there was no telegraph after SHERMANS' march through that section of Ga.

(My mother's family's property was also destroyed with Sherman's march)

In the early 30's my grandfather returned to Winnsboro after an absence of 70 years.

At that time he with his 2nd wife Fannie Jackson Hall visited Mrs Brice's Mother, and others, Mrs Brice said she could remember him very well and also "Fannie".

If my figures are correct grandfather was about 14 or 15 when he and his mother left Winnsboro to move to Randolph Co. Ga.

The church according to my records the land was donated by his mother in 1854 and a church built. (Methodist I think).

I have been having a hard time trying to get his parents names straightened out in my mind.  
So I was pleased to receive your information.

Only wish when I was a child I had learned to listen more closely then I would not be so vague now., about names and dates.

I recall he referred to Daniel Hall, that he had the family tree and that he lived near Columbia

Do you know what relationship he would be to Grandfather?

We always take our son to Bob Jones in the Fall. Would you consider allowing me to have some Zerex copies of Family RECORDS??  
My two older daughters are now members of the Daughters of the Confederacy. The youngest daughter is still too young.

I have a number of zerex copies of various activities of my grandfather would you be interested? if so I'll have some made for you.

"Headquarters" seems to be bordering om the unreasonable when they refuse the information that you have.

In a letter from Mrs. Nannie M. Jones of Greenwood, Mississippi, a lime states that John Hall, B-1765, D-1834, wife was Martha Gladden, moved to Winnsboro, S. Carolina. This letter is dated 25 Dec.'64. 1964

A history written by Dr. Nathaniel Barber Hall a short time before he died Dec. 18, 1902, reads:

A short hystory of the Hall family supposing myself to be the oldest living member of our family---

John Hall came to S. Carolina with his widowed mother from Virginia prior to the Revolutionary War with her brothers John and Moses Hollis. John Hall went into the army and endured the hardships of the trying times and came out an honored soldier with the rank of Captain. John Hall my grandfather was in the military camp at the close of the war, aged 16.

This Dr. Hall lived in Mississippi. The rest of his letter developes his side of the family. It would <sup>seem</sup> that the letter of Mrs. Jones would pinpoint the information needed by you---but I don't know about "headquarters." I wish I had more information for you.

It was nice to hear from you.

Sincerely,

Vernon Peelle

Dear Mærs Hall:

Thank you for inquiring about the place mats for Glenda.

My mother in law died Tuesday , so we are expecting relatives from Florida, So. Carolina, Kansas and Californis. She was 91 years old. Untill a monthoor 5 weeks ago she was alert and well.(shemade Glorias! baby a quilt) then all of a sudden she started to fail, so Tuesday early morning she passed away in her sleep. A very nice way to g, dont you think?

The THOMAS HALL will arrived in perfect condition. I have not had much time to study it. My grandfather is not mentioned in it by his name. According to an newspaper interview my grandfather gave.He was born ,

Jan.1.1847 The will of Thomas Hall was made out Feb.24, 1847, he died March 8, 1847, so grandfather was 9 weeks old when he died.

However one place in the will it read"brothers and sisters full blood and half blood".

There were 9 girls names listed.

Sara, Ellen Plyer, Martha Harden, Siney A Harden, Emeline Hall, Dorcus N. Hall either K or R osannah Hall, Mary J. Hall, Armada A Hall, and Hohn Hall.

These were the names as best as I could read them.

I assume that the K or R osannah was my grandfathers whole sister.

Only the mention above about brothers, in the third paragraph.

Shall I have you a copy made and perhaps you will understand it better than I.

Earlier in you correspondense you sent me the family  
of John Hall, his children, and their children, with special  
notations about my grandfathers, mother and sister, and himself.  
Do you think that could be notarized and submitted along  
with the will and other proofs? *for D.P.R.*  
If so I shall do so.

Know the grave hunting and listing is very interesting  
I am quite sure relatives of those people will appreciate  
your efforts.

Words cannot express how much I appreciate all you  
have done for this Hall and her family.

I received the check I only wish you would have kept  
it and I would have sent more later, (you could have used it  
to buy some of the supplies).

Thank you again,

Love, Grace.

Dear Mrs Arnette,

Several months ago I read of your sister's death in The Albany Herald and noticed that her maiden name was Hall - as was mine. I have been searching for information about my great grandfather Ichabod HALL - he came to Baker County Ga in 1833-34 from Edgefield S. C. The earliest record I have of him was 1815 when he joined war of 1812 in Savannah Ga. My grandfather, Henry Halcombe Hall was the youngest child, born in 1830. Other sons that I have

My dear Cleora: The two copies of the  
D.A.R. papers are finished and  
typed and ready for your signature  
on both before a Notary Public.

I find that membership  
at Luge is much more expensive  
so it will be best for you to join  
a D.A.R. chapter in S.C., either at  
Winnsboro or you could join our  
chapter, Old 96 District, in Edgefield.

It would be more  
convenient for you to write with  
a chapter nearer you so that you  
could attend the meetings.

Dear Mrs Hall:

I am beginning to see why the relatives of John Hall has had such difficulty. This a.m. I spent with the Regent of Northampton D.A.R. (a friend)

I find that John Hall Fairfield So. Carolina is not proven. No one has become a member thru that name. So it becomes necessary to prove each generation with certified copy.

Do you recall sending history of family with each child of <sup>John Hall</sup> and their children. listed after their names?

I presented this. The regent felt to be able to use this, the source of information would have to be known, whether if from family records or the Bible etc.

I will have to try & get a record of birth for Rev. Thomas Hall's 2nd wife Louisa Kennedy - & their marriage Record
