

My Great Grandfather Ervin, Irvin, Erven Johnson did not leave a any trail of real history. We believe he had a brother and sister and a Mother. We did not find any trace of his father. We believe some event cause the family to separate. We believe that a brother and sister are still in the Fairfield/Kershaw county area; however, we don't know where.

My Great Grandmother Rose Belton Johnson came from Fairfield County. Her parents were Alex Belton and Mary Martin. The same Beltons that Leslie Pope is researching.

My mailing address is 1821 Whistling Duck Drive, Upper Marlboro, MD, 20774-7100. Home phone number is 301-430-0393, Work is 202-874-8025, Cell is 301-922-4061.

We leave for S.C. early tomorrow and can be reached there via my cell phone or the Holiday Inn in Lugoff, S.C. 803-438-9441.

Thanks,

AL Hubbard

Dear Johnson Family members,

This is the Family tree as of last year. I would appreciate you forwarding any info you might have to make this better back to me. I am providing a copy of the mailing list I use as an enclosure. Please provide a copy of these documents to anyone you know that did not get one in the mail from me. I am using the registration database of addresses from the last reunion in July 99. I am sending a copy of this report to all of you for your information and please update feedback as required. Please forward all comments from the last reunion to Elaine Raines or Brenda Wade as I am only doing the genealogy/ancestry. If you do not have their address, send comments to me and I will forward your comments on to them.

Additionally, I will continue to do the research. I would appreciate whoever has any family information forwarding it to me. I am particularly interested in births, obituaries, census page/excerpt numbers and the exact family members and their names, ages, birthdates, state of origin/place of birth. I will use that to continue researching. It is my goal to have the names of Irvin's siblings and parents before I die. This will allow me to follow the other branches of our family to their destinations.

**We are going to do a Family reunion newsletter for this reunion occurring on 13-15 July 2001 in Camden, S.C. I don't have everyone address especially the folks who are participating this year for the first time e.g. the Rutherford's folks and some folks have moved, myself and Mustafa in Reston. Please get me any addresses as soon as you can. I know I am late; however, it will be done as best as I can. I would like to obtain a copy of everyone's favorite family picture to put in the newsletter. I am particularly interested in family group pictures like the one of my Father James Hubbard and family (enclosed). I have included input questionnaires so you have a format to send me any new or updated info. If there is some info you want deleted, let me know that too.**

I have also digitized GGrandmother Rose Belton brother (s) and Nephew (s) pictures. If someone wants that, I can send it to him or her in return mail upon request.

Final question, are there other things that need to be digitized? I think any census information, birth or death certificates, or old pictures etc. that we find along the way should be digitized. If you forward them to me, I will do so and provide the original back to you, I promise.

Also, if you have addresses of other Johnson folks who be interested in getting this, normal mail or email addresses, please let me have them and I will forward a copy of this to the ones I did not get with the latest mailing that going out Monday!

I know my little ancestry report is not perfect. However, just like the next reunion, it is a work in progress! **Feedback is important!**

P.S. I have enclosed an input form, which you can copy as much as you want in order to correct or update information!

LOVE YA,

AL/DODY

Ms Lyles,

1. I should add we believe that the decendants of the brother and sister are still in the area as of course the brother and sister etc. would be deceased by now.
2. My GGrandfather Irvin AKA Ervin AKA Erven Johnson was believed to be born around 1855, place unknown.
3. My GGrandmother Rose Belton Johnson was believed to be born around 1865 in Fairfield County.
