### Footprints

One night a man had a dream,  
and in his dream he reviewed the footsteps  
he had taken in his life. He looked  
and noticed that all over the mountains  
and difficult places that he had  
traveled there was one set of footprints;  
but over the plains and  
down the hills, there  
were two sets of  
footprints, as if someone had  
walked by his side. He turned to Christ and said,  
"There is something I don't understand. Why is it  
that down the hills and over the smooth and easy  
places you have walked by my side; but, here over  
the tough and difficult places I have walked  
alone, for I see in those areas there is just  
one set of footprints." Christ turned to the man  
and said, "It is that while your life was easy I walked along  
your side; but here, where the walking was hard  
and the paths were difficult, was the time you needed  
Me most, and that is why I carried you."
