

The 13. One of the twenty six negroes mentioned in the  
 within sale, to wit, a negro boy named Will, was  
 laboring under a disease, at the time of the within  
 mentioned sale to John C. Johnston & of which disease  
 said negro died about the 14<sup>th</sup> day of February last -  
 in consequence of which the sum of two hundred &  
 twenty four dollars \$224.00, being the price at which the  
 testator's interest in said negro was rated in the fore-  
 going sale to the said John C. Johnston, is to be de-  
 ducted from the amount of the sale of said negroes.  
 It being considered, that the said John C. Johnston  
 ought not, nor is bound in law, to pay for said  
 negro -
