

I'm following up on my promise earlier today to post--bit by bit--my information about the children of Samuel Kerr and Mary Calhoun of the Long Cane settlement. This posting provides information about their daughter Jane, who married John Green, son of Benjamin Green. We think Benjamin was born bef. 1745, probably in Chester Co., PA. He appears to have died after March 1802 in Abbeville Co.

Here's the family of Jane Kerr and husband Jane Green. Following this outline of their family, I'll post my notes on both spouses, perhaps in several parts, since they're lengthy. I am happy to share any and all information I have on this and other families with anyone who would want more detailed information.
