How kind of you to provide that! Thank you!
We are working on getting more content online. It is a slow process, but it is a top goal for me. The mission of any archives is to "acquire, preserve, and make available" and we have not done a particularly good job of the latter. I am working on it!
Thanks again,
Kay

Sloan,

Attached are photos of 2 entries in a letter book we have. The letter book documented correspondence between the Inspector (in this case Abraham Steiner) and others. The entries are basically summaries of the correspondence. I am not sure we have anything else. I wanted to at least get these entries to you! They are difficult to read under the best of circumstances but I think you will be able to make out most words.
