These vertical lines make a "lane" & should not be crossed. Each lane opens upward into the parents, until the name of P. B. Tucker. Each name has a number & letter. The number indicates the generation Buchanan & the letter indicates position in his own family. Thus 1a is child of any given family; 9b is If anyone died childless or is past age, there is a horizontal line ending that particular line.

The blood relation of P. B. Tucker carried first, with the name of the female members of the family under their maiden names.

This chart was printed as a sheet. Due to this it is possible that some will be folded differently than was intended where this happens the page number may be in error. If a name should occur on the page indicated look for the name on the page & just after the page number.
