TEMPUS FUGIT. How true this Latin phrase is. It's really hard to believe that 1994 is almost half gone already. Indeed, time flies. With that in mind, some reflection on the year thus far is in order.

We've had some very informative presentations at our monthly meetings. In February we visited the S. C. Archives for a work session. March found us being instructed by Carolyn Harwell on some of the often overlooked sources of genealogical research. Our April meeting was highlighted by a program on genealogical research in Newberry County presented by Glenda Bundrick. (Of course much of what she shared can be adapted to almost any other county.) And just a couple of weeks ago we were guided on a trek through the annals of Winnsboro's First United Methodist Church as presented by Charles Beach. This year has been, so far, one in which we've all gleaned tidbits of information to enable us all to be better researchers.

Although we've had great programs we are somewhat disappointed over the attendance at our meetings. One meeting found but three members present. Understandably not everyone can attend every meeting. But keep in mind: your presence at meetings is both important and desirable.

As most of you already know we hold no meetings in June, July nor August. We will reconvene on 25 September 1994 most likely at Bethel A.R.P. Church in Winnsboro. In the event of a change of meeting place, you will receive notification. Please make plans to attend if possible. Until then, here's wishing you much success in your research efforts and don't forget the State Workshop in Columbia this summer.

8870 FORMULA

A formula has been devised to determine the date of birth if the data you have found shows the complete date of death and the deceased age in years, months and days at death. This was copied from the March-April 1992 issue of "Everton's Genealogical Helper."

		Year	Mo	Da	
Death date:	May 6, 1889 =	1889	05	06	
Age:	72 yrs, 7 mo, 9 days =	-	71	07	09
		1817	97	97	
		-	88	70	
		1817	09	27 = Born:	Sept 27, 1817

CHART FOR CONVERTING BIRTH YEARS FROM THE 1800-1840 CENSUS

A chart like this saves a lot of time. This very useful formula was listed in the Fall, 1991, Greenville Chapter Journal.

SOCIAL SECURITY DEATH INDEX
Information found at the Family History Library

The Family History Library (LDS) has acquired the Social Security Death Index. It is available to users of the main library or any Family History Center that offers a compact disc program. The Family History Center at 4440 Jackson Blvd., Columbia, SC is usually closed during the month of August. The hours for research are:

Tues. and Wed. - 9:00 am until 3:00 pm
2nd & 4th Sundays - 2:00 pm until 4:00 pm

The Index lists 39.5 million deceased people who had social security numbers and whose deaths occurred between 1962 and the end of 1988. Upon typing a person's name and an appropriate date of death (if known), the following information will be displayed:

Name of person (alphabetically by surname, then by given name)
Year of birth as reported to Social Security
State that issued the social security number
Year of death
State in which the person resided at the time of death.

An optional selection feature permits you to obtain more information on a specific person, such as:

Full date of birth
Month and year of death
Social security number
State where the death benefit was sent to a living relative.

(Zip codes can be obtained for a place of death and where death benefits were sent.)

A zip code directory will be incorporated in the system list name of the communities serviced by the zip code.

Knowing the date and place of death enables you to obtain a death certificate. By sending a copy of the death certificate, social security number, and form SSA 1-1977, "Social Security Number Record, Third Party Request for Extract or Photocopy" (available through any Social Security Office) and \$7.00 you may secure a photocopy of the original social security application. The application will show the address of the applicant, date and place of birth, father's name and mother's maiden name. Address your inquiry to Social Security Administration, 4 H 8 Annex, 6401 Security Blvd., Baltimore MD 21235.

SALEM PRESBYTERIAN CHURCH
Fairfield County, South Carolina

The following are excerpts from the Session Books compiled by Ms. Sarah Bolick and submitted by the ladies of the Genealogical Room at the Fairfield County Museum. They donate their time so that others may find that elusive clue or name that makes genealogical work worthwhile.

I have attempted to list everything in alphabetical order. The marriages are listed by the husband's name, then listed by the wife's name.

FAIRFIELD LORE

Did you know that a public building in Winnsboro was designed by the first Federal Architect of the United States? And that he was appointed by South Carolina's only President?

Answer: The Fairfield County Court House was designed by Robert Mills, a Charleston native who received much of his training while he was associated with Thomas Jefferson at Monticello, near Charlottesville, Va. Mills was appointed Federal Architect by President Andrew Jackson. Ainsley Hall Mansion, one of Columbia's tourist attractions, was designed by Robert Mills. In the center of the nation's Capital stands another Mills' structure, the Washington Monument.
