An account of Presbyterian records is given in the introduction. These registers rarely contain death records, and occasionally have only records of births. This is indicated where appropriate. All are held in the local parish unless otherwise indicated. The Presbyterian registers of Down are being indexed by the Ulster Historical Foundation (see Research Services at the end of the chapter). A search of the index will be conducted for a fee. Copies of many are also held at the Public Record Office of Northern Ireland (PRONI).
